

DataDumpProcessor::Properties::Settings

- defaultInstance

defaultInstance

The diagram consists of a vertical stack of three gray rectangular boxes with black borders. The top box contains the text 'DataDumpProcessor::Properties::Settings'. The middle box contains the text '- defaultInstance'. The bottom box is empty. To the right of the stack, the text 'defaultInstance' is written. A purple arrow points from this text to the right side of the top box. Another purple line segment points from the text 'defaultInstance' to the right side of the bottom box.
